**Tweet:** Globally mean reinsurance rates rose by 25% in 2022 and are up 33% so far in 2023 according to reinsurance broker Howden Tiger. @petercoy

**Summary:** Wildfires in California and hurricanes in Florida produced lots of claims. Housing prices and bills for construction and repairs have gone up, making claims larger. And insurance companies have had to pay more for reinsurance: Worldwide, average rates for reinsurance rose by a quarter last year and by another third this year, according to the London-based reinsurance broker Howden Tiger, an arm of Howden Group Holdings.
