Tweet: Trump is leading Biden in five of six swing states driven by a decline in Biden support among young non-white voters. @Nate_Cohn

Summary: The deterioration in Mr. Biden's standing is broad, spanning virtually every demographic group, yet it yields an especially deep blow to his electoral support among young, Black, and Hispanic voters, with Mr. Trump obtaining previously unimaginable levels of support with them. Mr. Biden barely leads at all among nonwhite voters under 45, even though the same voters reported backing Mr. Biden by almost 40 points in the last election.
