Tweet: In the wake of SVB's collapse, banks have tightened both business and household lending standards to levels not seen since the 2008 recession or the initial COVID pandemic. @JosephPolitano

Summary: The deteriorating macro environment, relative lack of liquidity, and elevated financial risks have caused American banks to further tighten lending standards and credit availability in the wake of SVB's collapse. That's true for both business and household loans, where banks are tightening at levels not seen since the 2008 Recession or the initial COVID pandemic.
